

Iota Lambda Sigma Journal for Workforce Education

EDITORIAL POLICY

The *Iota Lambda Sigma Journal for Workforce Education* (JWE_d) publishes refereed articles that examine research and research-related topics in human resource development, vocational education, career and technical education, preparation for work, and the workplace. The JWE_d Editorial Board is committed to publishing scholarly work that represents a variety of conceptual and methodological bases. Submission of manuscripts representing one of the following styles is encouraged: (a) empirically-based manuscripts that report results of original research, either quantitative or qualitative, (b) reviews or synthesis of empirical or theoretical literature, (c) editorials and essays derived from original historical or philosophical research, (d) reviews of recently published books, and (e) rejoinders to articles recently published in the JWE_d. Page costs are not assessed. However, if a manuscript is accepted, authors will be asked either to supply camera-ready tables and figures, or pay for the costs incurred in preparing complex tables and figures for publication.

MANUSCRIPT PREPARATION. One (1) electronic copy (on floppy disk, CD, or email) of the manuscript should be submitted to the Editor. All manuscripts must be double-spaced and must adhere to the guidelines published in *Publication Guidelines of the American Psychological Association* (5th Edition). Tables and figures, however, should be imbedded within the text itself rather than at the end of the document. All figures and artwork must be scaled to fit within the JWE_d page size (4.5" column width) and included electronically within the document. Manuscripts for articles should generally be 15-20 pages (22,000-36,000 characters in length, with 36,000 characters an absolute maximum). Book reviews, editorials, and reactions should be approximately four to eight manuscript pages (approx. 6,000-12,000 characters). The title page should include the title of the article, and the name, affiliation, mailing address, e-mail address, and telephone number for each author. Each manuscript must be accompanied by an abstract of no more than 150 words. The receipt of all manuscripts will be acknowledged within one week of receipt. Manuscripts are subjected to a double-blind refereed review process. Typically, three individuals, including the Editor, review each manuscript. Reviewers' comments and a letter indicating the publication decision will be sent to the primary author approximately 3-4 months following receipt. Manuscripts accepted for publication are usually published within one year of formal acceptance. Since the articles will be published on line, there will be no copies furnished to authors.
